Traffic Forces of the Frisco
Railroad.

TULSA MAN IS PROMOTED

General Agent G. W. Green Will Be
Became Division Freight Agent
With Headquarters Here.

ST. LOUIS, Mo., April 8.—J. S. Pysatt, federal manager of the St. Louis and San Francisco railroad, today announced the appointment of Alexander Hilton, traffic manager, to be locally general freight agent, and J. N. Cornatzer, general passenger agent, with headquarters in St. Louis.

The following appointments, effective April 15, also were announced: Division freight and passenger agents, G. M. Conley, Fort Smith; A. K. Smith, division freight agent, G. W. Green, Tulsa, Okla.

Alexander Hilton, mentioned in the above dispatch as having been appointed traffic manager of the Frisco, has been serving as assistant traffic manager and before government control he was general passenger agent. It was reported in local papers several days ago that Mr. Hilton, former president of the Frisco and now assistant to Federal Director Bush of the southwestern district, would be appointed to traffic management of the Frisco and that Mr. Hilton would be placed in charge of passenger traffic. The appointment is a promotion for Mr. Hilton, who has been with the Frisco for many years and is well known in Tulsa.

G. W. Green, who has been appointed division freight agent, is at present general agent of the United States railroad administration in Tulsa. He will continue to have his headquarters in Tulsa in the larger field of work that has been given him.

ANOTHER ATTEMPT FAILS TO ADJUST PRICE DISPUTE

WASHINGTON, April 8.—Another effort to narrow the divergence of view between the railroad administration and the department of commerce's industrial board over the program for determining standard prices was made today at a conference between Director General Hines and George N. Peek, chairman of the board, but without definite result.

Mr. Peek, who said Mr. Hines had a conference today, said the brief statement issued by Mr. Hines regarding the conference held at the railroad administration offices, "No agreement was reached. The matter will be further considered at another conference to be held on Thursday."

Mr. Hines is understood to have reiterated his opposition to binding railroads to buy rails and other products at the prices approved by the board and Mr. Peek was said to have emphasized the willingness of the board to modify its procedure if a better plan is suggested.

SIMS AT WASHINGTON TO GIVE REPORT ON NAVY

WASHINGTON, April 8.—Rear Admiral William S. Sims, who arrived in New York yesterday from London, came to Washington today to make a personal report to the American naval forces in European waters during the war. After a brief stay here the admiral will go to Newport, R. I., for a rest before resuming the presidency of the naval war college, from which he was called for overseas duty a little more than two years ago.

Admiral Sims was greeted by Acting Secretary and Mrs. Franklin D. Roosevelt and the heads of the bureau of the navy department and members of the president's suite in the White House where an informal reception was held. After posing with Secretary Roosevelt for moving pictures, Admiral Sims entered an automobile with Mr. and Mrs. Roosevelt and drove to his hotel. Tomorrow he will go to the navy department to make his report and confer with high officers.

North Denver was entered and reached early Sunday, according to reports made to the police Tuesday.

SUIT FOR 2 1-2 MILLION IS FILED AGAINST STAR

KANSAS CITY, April 8.—Suit for \$2,500,000 against the Kansas City Star today was filed by Dr. R. Clark Hyde, three times tried on a charge of murdering Col. Thomas H. Swope, bachelor and millionaire, uncle of Mrs. Hyde.

The suit is based on an allegation of damage growing from the publication in the Star of an alleged quotation of a conversation between nurses in the Swope home and Dr. R. T. Twyman, Colonel Swope's physician, following the death of Colonel Swope. Doctor Twyman died while a jury to try Doctor Hyde was being empaneled and efforts of the state to have the alleged conversation entered in the records of the case failed.

The charges against Doctor Hyde were dropped after his third trial, which resulted in a disagreement by the jury.

Doctor Hyde asks \$1,500,000 actual and \$1,000,000 punitive damages. Doctor Hyde says he suffered great humiliation and mental anguish by the publication of the Twyman statement. It appeared in the Star in the issue of May 11, 1918.
